EDUCATION

Bachelor's of Computer Applications (BCA)- Cloud Computing

Kristu Jayanti College
Bangalore

Currently in 4th
Semester

SOFT SKILLS

- Quick learner
- Adaptability
- Time management
- Teamwork
- Willingness to learn new technologies
- Basic communication skills
- Attention to detail

LANGUAGE

- English
- Malayalam

CAREER OBJECTIVE

Motivated 4th-semester college student aspiring to secure a Cloud Intern role. Possess strong academic and hands-on lab experience in cloud computing and virtualization fundamentals, with eagerness to learn, implement, and support scalable cloud solutions.

TECHNICAL SKILLS

- Cloud Platform: AWS (EC2, S3, Lambda, VPC – Basics)
- Cloud Concepts: IaaS, Virtual Machines, Storage, Deployment
- Virtualization: Virtualization fundamentals, Hypervisor basics, Host vs Guest OS
- Operating Systems: Linux
- Programming: Java(Basics),Python(Learning)
- Database: SQL(SQL*Plus-Basics)

Academic Projects / Lab Work (Cloud & Virtualization)

- Created and managed virtual machines using Oracle VirtualBox and AWS EC2
- Installed and configured Linux (Ubuntu) virtual machines.
- Adjusted CPU, memory, and hardware resources for virtual machines.
- Configured networking between multiple virtual machines.
- Managed snapshots for backup, restore, and rollback operations.
- Worked with cloud storage (AWS S3) and basic cloud deployments.

Mini Project (In Progress)

- Hosting a static website using AWS EC2 and S3.
- Implementing basic security groups and access permissions.

CERTIFICATIONS

- AWS Certificate
- Snowflake Certificate
- Java Certificate – NPTEL
